

Peanut Butter Protein Power Balls

These protein power balls pack a double protein punch, with the peanut butter and the added protein powder!

They will keep you full and satisfied for a while!

Ingredients:

- 2 cups rolled oats
- 1 container of Tap Protein Powder
- 1 cup reduced fat peanut butter (*see Basya's tip in the instructions)
- ½ cup chopped almonds
- ½ cup semisweet sugar free chocolate chips
- ¼ cup honey

Instructions:

1. Combine oats, peanut butter, chopped almonds, chocolate chips and honey in the bowl of a stand mixer, fitted with the paddle attachment; beat until well combined. If the mixture doesn't hold together, you can add a bit more honey.
2. Form 24 balls with a cookie scoop and place on a cookie sheet. Refrigerate until firm - at least 30 minutes.

***Basya's Tip:**

Instead of using reduced fat peanut butter, use peanut butter powder and add liquid until desired consistency is reached. You will likely need 2 cups of peanut butter powder to make a cup of peanut butter.

Count 1-2 power balls as a snack. Enjoy!
